HEAVY DUTY SET OF PET STRAPPING TOOLS

Model **MUL-320**
Heavy Duty
PET/PP Tensioner

- For PET/PP strap width up to 3/4" (19mm)
- Advanced patented design for the heaviest PET applications
- Unique windlass return mechanism for faster and easier strap loading
- High quality casting guarantees enhanced durability
- Innovative gripping mechanism grips and releases strap with a vertical motion
- Heavy duty cutter reduces force to be applied by the wrist and extends cutter life
- Lightweight - 3.5 lbs.
- Lifetime availability of parts and service
- 90 day parts and labor written guarantee

MUL-330 for PET strap width of 5/8" (16mm) and standard serrated 5/8" seals.

MUL-331 for PET strap width of 1/2" (12mm) and standard serrated 1/2" seals.

- Staggered, symmetrical jaws eliminate the need to orient the tool when sealing
- Cam-action jaws reduce sealing effort
- Unique design requires less clearance between the seal and package surface.
- Lifetime availability of parts and service.
- 90 day parts and labor written guarantee.
